Unexcused Absences: 0

ENGLISH/LANGUAGE ARTS

Grade: A

Comments: Tati is an ideal student in every way. She is responsible, timely to her classes, and always exhibits top-notch work. However, she could work on class participation a little more. I know she's thinking something incredible, so I encourage her to share her thoughts with the class!

WORLD HISTORY

Grade: A-

Comments: Tati is a pleasure to have in class. She aces pop quizzes and writes thoughtful essays. She could pay some more attention in class from time to time. Maybe taking notes on a notebook would be more productive to her than digital notes, as I have noticed she often gets distracted by her computer.

PHYSICS

Grade: A

Comments: Tati is intelligent, an eager learner, and showed lots of improvement throughout the semester. Exceptional work. Keep going!

PHYS ED

Grade: A-

Comments: Tati is great to have in class, if not a bit quiet. I look forward to watching her growth as she learns to collaborate more with her classmates in team activities.

MUSIC

Grade: A+

Comments: Tati is a gifted musician, and her compositions are illustrious beyond her age. She has a natural musical curiosity, and is excited to discover new genres and theory principles. She is also a beautiful singer. I can't wait to see what her musical future holds!

PUBLIC SPEAKING

Grade: B+

Comments: Tati excelled in our Extemporaneous Speech assignment this fall, crafting an improvisation worthy of a true orator. Tati should, however, continue to work on her projection and confidence in public speaking.

GENERAL

Tati is a smart and gifted student. She is punctual, attentive, and creative. However, several of her teachers reported that she has a tendency to sit far from the other students and leave as soon as class ends. I encouraged her to speak to the guidance counselor if she is having social difficulties. ~Mrs. Gonzales
