

NO like  
we've been  
in here  
longer than  
her

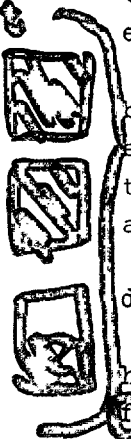

i'm  
older

TATI

Tati's the new chick. I mean, new-est. 2016? Neato.  
We're like sooooo old to her. Haha. She got stuck here  
through a bunch of World Wide Web stuff. I'm not the  
expert on that kinda thing.

she  
loves  
these

i keep up with what's going on there sometimes  
but it's louder than i'm used to. and she hangs out in  
some place that's full of shapes and colors which are  
the hardest for me to understand. so she just kind of  
appeared here i guess

ehh

She's really close with Zeke (I think they're  
dating?)

→ it's complicated

OH  
SHIT yeah  
she SO  
DOES

Oh again, I don't want this to seem tooo gossipy but  
he was the reason she got stuck in here. Like they were  
falling in love on-line and then she fell a bit too deep  
in.

quite ungrate ew  
barf

haven't we all...

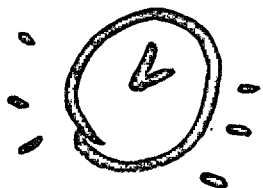

Sure, if the guy you're seeing isn't a dick. Though  
Zeke just seems a bit immature. At least his music is rad.  
Can't tell what he's saying half the time.

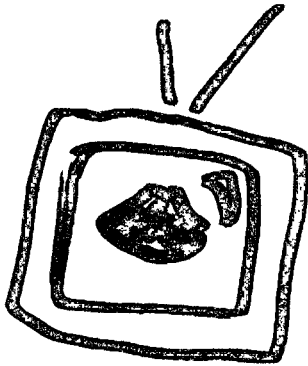

true

not  
true  
HEY!

it's hard for me to tell his words apart because  
his volume is always ALL THE WAY UP but he seems to be  
having a good time. he thinks i'm stuffy.

But we just talked about Zeke so Tati time!

the  
Abime

i will make it gossipy again ~~is~~ only so that people joining don't get too deep into something they can't handle: TATI is MEAN.

Yeah, kinda.

i mean she's like barely seventeen, so you have to cut her some slack Dude. you're seven months older than her!!!!

seven months and forty years older than her technically

but yeah i know. ...

but: 'll complain  
anyway :)

she's just kind of a stuck-up princess. like the worst popular socialite girl at your school. fakey-fake prom queen of the abime. she's so into the "powers" and "realms" and "privileges" of this place. and keeps trying to sell more people on it.

Evil

She's a little scary and she's got a bit of a fucked-up little cult grift going. But I think she'll come around. Nice to see SOMEONE having a good time in here, cuz it sure as hell isnt me, HAHA!!

i mean maybe it is actually super radical to be her and see it the way she sees it.

Yeah

haha

but you still lose things when you go in.

life

Yeah. All her friends were kinda on the World Wide Web really, and she'd send them on-line messages back and forth and that's what she's mostly made of now. But the thing about friends who don't know you in real life is you can really put on a front for them. I think she

my  
choice

:+hehe

all of that  
which makes you feel

wasn't really trying to make connection, more...  
cultivating a brand.

i think she lost her soul to be honest.

Yeah she's kinda the worst parts of teenage girl-dom.

Not bad looking though!

what was that?

what was it  
though.

does someone have a cruuuuusssshh  
Piss off

he he
